

CHAIRMAN OF THE JOINT CHIEFS OF STAFF  
WASHINGTON

*Noted by DCI.*

31 August 1965

25X1

Dear Red:

In connection with your meeting with the JCS at 1400 hours, 3 September, I would like to suggest a couple of items for us to discuss. If time does not permit discussion of all items at this first session, we can pick up those not covered at future sessions.

The first item concerns the Trailwatcher Program in Laos. Many months ago, the Chiefs were made acquainted with the scope and results of the program; however, I am sure that the program has changed considerably in the interim.

The second and third items which I have in mind really are one: namely, a run-down on CIA clandestine intelligence capabilities in North Vietnam and in South Vietnam. In connection with the latter, I know that the Chiefs would appreciate a feel for GVN clandestine intelligence capabilities inside their own country as a measure of our capability to ascertain some knowledge of the military and political plans and intentions of the Viet Cong.

On the part of the Chiefs, I understand that you are personally interested in our contingency planning with regard to U.S. facility of operations in France.

Needless to say, if there are other items which you desire to discuss, we can adjust the foregoing accordingly.

Looking forward to seeing you,

Sincerely,
